ONE HANDY IS THE IDEAL BINDER IN ANY DIGITAL ENVIRONMENT !

FASTBIND ONE HANDY

Fastbind ONE: the only binding machine you need

Fastbind **ONE Handy** is the ideal binding solution in a digital setting. Highly flexible, this manual perfect binder quickly binds hard and soft cover books as well as tear-off pads or strip binding.
ONE Handy binds all thickness or format up to 33 x 33 cm (including A4 portrait or landscape) and 50 mm thick without any adjustment between jobs.
Fastbind perfect binders are the only ones that are suitable for most hotmelt glues: traditional EVA, PO, metallocene, PUR. With its temperature control, Fastbind **ONE Handy** can use any Fastbind-approved glues..
Its ergonomic design fits in any environment from a copy shop to a print room. It is quiet, safe, clean, odorless, emissions free with minimal power consumption.

New Sesame system for better access to the book block

High productivity with constant quality

Designed and manufactured in Finland, Fastbind **ONE Handy** is made to last, whether you make one or 1000 books a day. In serial production, you get a constant quality of binding, with a strong and perfectly square spine each time.
To improve the binding precision, Fastbind **ONE Handy** is equipped with several innovations for the book clamp, nipping mechanism and PGO Gen 5 roughener.

Safe construction. No risk for fingers in the rollers.

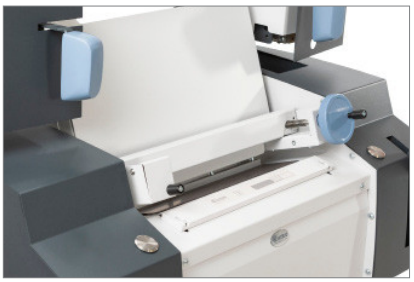

Easy to use

For your business, we understand that time is money. Fastbind **ONE Handy** is ready to bind in less than 15 minutes from switch on and only requires daily cleaning when used with PUR glue. Anyone can learn to use it in minutes, so you do not need long and expensive training sessions or highly qualified operators.
The Sesame system© gives you easy access to the book. You just lift the arm, place your book, lower the arm back and turn the Sesame knob to block your book.

Ergonomic handles and sturdy rail for constant quality.

Modular design

The modular design of Fastbind **ONE Handy** enables several upgrades after purchase.
The optional affordable tooling, that can be installed later, includes:
- Hard cover toolkit (nipping bar + hard cover guide)
- New roughener PGO Gen 5 for the spine preparation
- Easy clean kit for quicker PUR glue tank cleaning and reduced hands-on time

Optional PGO Gen 5 roughener: spine preparation for difficult papers
